

LEAH STEM

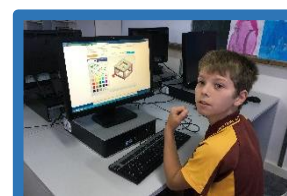

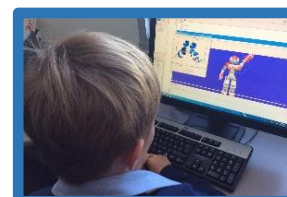

Action Group

SCIENCE : TECHNOLOGY : ENGINEERING : MATHEMATICS

Developing and facilitating a cross disciplinary approach to the teaching and learning of STEM in LEAH schools.

Group Objectives

	Identifying the scope of STEM education in our schools.
	Utilising experienced staff to develop STEM educational programs.
	Facilitating STEM Professional Development for staff.
	Coordinating the sharing of STEM resources where possible.
	Providing inter-school STEM learning experiences for students.
	Celebrating the achievements of students in STEM education.
	Enabling STEM related online communication & collaboration.
	Establishing common relationships with businesses and industries.

"Schooling should support the development of skills in cross-disciplinary, critical and creative thinking, problem solving and digital technologies, which are essential in all 21st century occupations."

National STEM school education strategy 2016-2026
